

- Power supply for symetric supply - 15V / + 15V
- Output current : 0,5 A
- Compact stabilised DC supply
- Noise proof according to VDE 0160 chapter 7.3.1.1
- Galvanic separation due to transformer
- EN snap on mounting on rails
- LED indicator

#### Technical data

- |                          |                          |                               |
|--------------------------|--------------------------|-------------------------------|
| <input type="checkbox"/> | Range of input voltage : | 230 VAC +10% /-15% 45 - 66 Hz |
| <input type="checkbox"/> | Input current $I_B$ :    | 166 mA max.                   |
| <input type="checkbox"/> | Output voltage $U_A$ :   | $\pm 15$ VDC $\pm 0,5$ V      |
| <input type="checkbox"/> | Stability :              | $\pm 1\%$                     |
| <input type="checkbox"/> | Output current $I_A$ :   | 0,5 A max.                    |
| <input type="checkbox"/> | Ripple :                 | $< 2$ mV <sub>SS</sub>        |
| <input type="checkbox"/> | Temperature range :      | 0° C to + 40°C                |
| <input type="checkbox"/> | Weight :                 | 1,2 Kg                        |

#### Dimensions in mm
